

The chart displays the growth of GitHub repositories for various technologies over time. The legend lists the following categories from top to bottom in the stack:

- Python
- Matlab
- R
- SQL
- Python (PandasBiogeme)
- TensorFlow
- Hadoop
- ArcGIS
- Apache Spark
- SPSS
- Plotly.js
- SAS
- Scala
- Qt
- Splunk
- Stan (NUTS)
- UCINET
- Microsoft Access
- Node.js
- Julia

The x-axis represents the years from 2007 to 2023. The y-axis represents the number of repositories, with a scale break between 2017 and 2018. The chart shows a significant increase in repository counts starting around 2018, with Python and JavaScript (Node.js) being the most prominent languages. The chart is divided into two sections: 2007-2017 and 2018-2023.
